

2024 IMPACT REPORT

The Krewe da Cha Chas are dedicated to educating, empowering, and supporting cancer survivors in Tangipahoa Parish. We stand with breast cancer fighters, honor survivors, and celebrate their courage.

Each year, proceeds from the Bling A Pair to Save Pair fundraiser are used to support both women and men in their fight against breast cancer by providing monetary donations to cover medical expenses, utilities, car & house payments, and a host of other needs helping to ease the financial and emotional burdens faced during treatment.

In addition, Krewe da Cha Chas provides community outreach to Mary Bird Perkins Cancer Center, North Oaks Health System, Pontchartrain Cancer Center & Hood Memorial Hospital including gift cards to cover transportation expenses back and forth for treatments, as well as comfort bags for newly diagnosed patients to help in their treatment journey. In 2024, a donation was made to Hood Memorial Hospital to help purchase a mammography machine to provide care to patients in the northern region of Tangipahoa Parish.
